THE THIRTIETH CONGRESS.

In answer to numerous applications for information, as to the post offices of the members of the Thirtieth Congress, we publish the following table of particulars, so far as we are advised. The blanks will be filled up as fast as we can ascertain the names of the post offices not now known. We call upon our friends to aid us in this labor.

We have also left a column for the residences of the members in Washington, which will be completed immediately on their arrival in town. It will be corrected daily, so as to keep up with the changes of residence which members may make. This column will be of great value to strangers and citizens who may have business with members. Hotels and hoarding-houses will do us a favor by advising us of the names of such members as may take lodgings with them, giving the exact location of their houses. Our contemporaties will oblige us by correcting any errors they may find in this list, and apprise us thereof. Those papers in the vicinity of the new members with whom we exchange, can serve us by publishing the names of their home post offices, and drawing our attention to the information by marking around the paragraph:
